PRESTALGIA
25 Nostalgic Lightroom Presets

A Great Big Thank You!
Thank you for your purchase! Here's how to get started:

**Lightroom:**
1. Extract the ZIP file.
2. In Lightroom, go to Edit > Preferences (Windows) or Lightroom > Preferences (Mac).
3. In the Presets tab, click on the "Show Lightroom Presets Folder". A folder will open. Copy the all of the folders inside the Develop Presets folder that you extracted in Step 1 into your Lightroom\Develop Presets folder.
4. Restart Lightroom. The presets will appear in the Presets panel located in the Develop module.

**Can't find the download?**
1. Open the Creative Cloud desktop application, click the three vertical dots icon in the upper-right, and then select Preferences.
2. Click Creative Cloud and select Files. Ensure that File Sync is enabled.

We're happy to help you!
